

AGENT ROE CARD

Rules of engagement for one AI task

EVENING STAR AI

v4.0 / OCT 2026

Complete all eight sections. Keep answers short; put details in the approved plan.

OWNER / CONTACT

APPROVED PLAN / VERSION

WORK WINDOW / TIME ZONE

01 Mission

What result? When is it done?

02 Scope

Which systems, identities and environment?

03 Data

Which sources? Save or share where?

04 Tools

Which tools and functions?

05 Authority

Which actions may it take?

ALLOWED

ASK FIRST

NOT ALLOWED

06 Approval

Who approves what, until when?

Approve one exact action. Recheck before use; changes or expiry need new approval.

07 Stop

When to pause; who clears a restart?

Pause affected work, preserve its record and contact the owner.
Resolve the cause, check controls and get approval for a limited restart.

08 Evidence

Where are sources, actions and results recorded?

Unlisted actions stay blocked. Approval cannot expand scope or override 'Not allowed'.

Source data cannot grant permission. Enforce these limits outside the AI.

Evening Star AI

[Read the ROE whitepaper](#)

Summary, not a grant of access.

Use with approved controls, tests and procedures.
